Subject: The Season for Residential Treatment

Four locations serving clients during the holidays

It's hard to believe that the holiday season is already upon us. While it is a joyous season for many, it's also the time of year when many individuals struggle with depression, anxiety, social isolation, and substance use disorders.

Our residential mental health and SUD facilities are fully operational through the holiday season and are prepared to do what we do best: offer hope and healing to those that need our services.

At Promises, we have four programs that offer incredible mental health residential treatment featured below:

Nunnelly, Tennessee

- Trauma Recovery & Empowerment Model, EMDR and Brainspotting
- Treatment includes equine therapy, adventure therapy, and mindfulness practices
- Virtual IOP options and extensive family programming

Wrightsville, PA

- Cottage-style residences
- Nutritionally balanced, chef-prepared meals
- Adventure-based therapies

Ormond Beach, FL

- Staffed with expert trauma-informed specialists
- Private bedrooms
- Professional culinary team
- Yoga and meditation practices

College Station, Texas

- Individualized program limited to 16 clients
- Physician appointment and aftercare services guaranteed within seven days of discharge

- One of the first mental health programs in Texas

For referrals and program information please contact Amy Wilson directly or reach out to your local outreach representative.
