Who Do We Serve:

All Veterans (with a focus on post- 9/11 Veterans) and their family members. Our Clinic seeks to complement care provided by the Veterans Administration (VA), and to provide support for three specific under-served groups:

- Veterans who do not receive mental health care in the VA system, whether for reasons of limited accessibility or other factors (including personal preference);
- Veterans who are ineligible for care in the VA system (e.g., due to discharge status, conditions that are not service-connected);
- Veteran family members, including parents, spouses/significant others, and children.
