

**THIS CALL COULD SAVE YOUR LIFE.**

Statistics show that when you or your loved one are finally open to seeking addiction treatment, it's important to take action right away. Waiting even a few hours can be enough time for an addicted person to change their mind, go back to using, or worse. The sooner you reach out, the better your chances of getting help before it's too late.

### FACT:

### ADDICTION IS A TREATABLE DISEASE.

At American Addiction Centers, we know that addiction is a treatable disease with its own set of symptoms, just like diabetes, heart disease, and other chronic conditions, and that it is progressive if left untreated. We believe long-term recovery is possible for every person who walks through our doors, including you.

\* The 2016 National Survey on Drug Use and Health (NSDUH) estimated that more than 20 million Americans had a substance use disorder in the past year.

### "24/7" MEANS RIGHT NOW.

Whether it's 3 a.m. after the bars close or first thing in the morning on your way to work or school, our experienced and compassionate outreach coordinators are standing by around the clock to talk with you and make a workable plan for getting sober, starting now.

### GET THE ANSWERS YOU NEED, TODAY.

Every screening is free and confidential. Our outreach coordinators are ready to listen and committed to helping you find the best treatment fit for YOU.

### TREATMENT CAN START IN JUST 24 HOURS.

Once a person has decided to get help, it's time to act. We believe in starting treatment as soon as possible, and will do everything we can to get you to a state-of-the-art treatment facility within 24 hours of your call.
