Same Day Mental Health Services

Accessing Same Day Services

This table lists all of the clinics for same day mental health services, located either in Primary Care clinics (called Primary Care/Mental Health Integration or PCMH) or Mental Health clinics. If you are already established with a VA Mental Health provider, it is best to request a same day appointment at that location, though you will not necessarily be able to see your regular provider.

When you request a same day visit, you can expect to meet with a mental health nurse first, who will listen to your concerns and make a plan with you for addressing them, including a brief visit with a provider if needed.

Should I go to the Emergency Department or Same Day Visit?

Emergency Dept

(at Audie L. Murphy VA Hospital)

- > Immediate risk of harm to self or others
- > Suicidal or homicidal thoughts
- > Very high distress
- > After hours, weekend, holiday

Same Day Visit

- > Monday-Friday 8am-4pm (no holidays)
- > Concern that cannot be met through Secure Messaging, phone, or at next visit
- > Need to start MH services but unable to go through VA Primary Care Provider

Clinic Location	PCMH	Mental Health Clinic	Phone	Address
